There is no official start time, just turn up, get ready and join in at the start of the next end. If there is space on one of the bosses ask the other archers first if you may join them, if there is no space then get another boss and stand out. **Don't forget** you must have someone to score for you, **you cannot write your own scores down.** If in doubt, please ask one of the more experienced club members.

You may find you have time to do more than one distance on the same evening, you may do so provided that the club records officer is at the field to verify that the previous distance has been completed successfully.

If you have any questions or comments on this scheme, please share them with a member of the committee so that we can, if necessary, modify it so that it will work for everyone.
